Request for Temporary Boys' Hostel Facilities for Fourth-Year Students

Dear Sir,

We, the 4th year students of the Faculty of Applied Science, respectfully request the temporary allocation of available rooms in the **Boys' Hostel** until December 2026.

At present, **20 students require hostel accommodation** to continue their academic activities and fulfil their university related responsibilities effectively. Therefore, we kindly request that the available vacant rooms, including the **vacant rooms on the 1st Floor of the Boys' Hostel**, be temporarily allocated to these students, subject to the applicable hostel rules and regulations.

As the new First year intake is expected in January 2027, we respectfully request that the available hostel facilities be allocated to the 4th year students until **January 2027**. After this period, the rooms can be made available for the incoming First-Year students.

We sincerely hope that this request will receive your favorable consideration and that the necessary arrangements will be made to provide temporary hostel accommodation for the students.

Thank you for your kind consideration and continued support.

Yours faithfully,

4th Year Students,
Faculty of Applied Science,
University of Vavuniya
